

The WINS Child Sponsoring System

This Document contains an overview of children, who need financial support for their education.

A child will be nominated for the Sponsorship program by WINS after an assessment of the need has been completed.

A donor may choose to sponsor a specific child or children.

- A child will be nominated for the Sponsorship program by WINS after an assessment of the need has been completed.
- In accordance with the WINS policy, all sponsor donations will be used only for educational purposes such as: School fees, Transport cost from/to school, uniforms, books, pencils, use of library, internet, etc.
- However, the sponsor may decide that an additional donation can be used for other purposes, for example: Clothing, Healthcare,
- Savings Account, Other

Procedure:

- Together with the sponsor, a financial plan will be prepared for the child.
- This financial plan will be evaluated annually at the end of each school year and adjusted as required. (Fees do increase from time to time)
- The sponsor will decide the frequency of their donation. (Monthly, annually)
- The sponsor has the right to stop the sponsorship. (6 months advance notice in order for WINS to find a new sponsor).

The Financial Structure

- The child will have their own local bank account. As soon as the child can read and write, they will do their own bookkeeping under the supervision of the Learning Centers staff. In this way, the child will learn to deal with financial matters.
- WINS will transfer the donation directly to the child's bank account. The entire 100% of the donation goes into the child's account.
- All fees and other overhead costs are paid from the WINS general fund.
- The child's financial ledger will be sent to the sponsor on a periodic basis.

The Communication Structure

- The children receive English lessons and Computer lessons at the learning center. The sponsor and child can therefore have direct e-mail communication with each other. The child will get his/her own e-mail account.
